About the Writing Requirement

The writing requirement ensures that students have the skills necessary to meet the rigorous writing demands of subsequent SPS courses in all majors and disciplines. The expository writing courses provide the tools to meet the demands of advanced academic writing; the courses may not be audited or taken on a pass/no credit basis.

Transfer and performance-based admission students must fulfill the writing requirement through one of two options:

Option 1: Complete an English composition course at SPS.

Demonstrate successful completion of English 111 or 205. A grade of C or higher is required.

Option 2: Successfully appeal the writing requirement via the Student Affairs Petition Form (https://sps.northwestern.edu/main/login.php).

Students who believe they have the writing skills necessary for university-level research and analytical papers may appeal the SPS writing requirement.

A successful appeal does not result in credit for the writing course. Students must complete another course in its place according to the needs and guidelines of their program. Writing will be evaluated for standards of good expository writing, including: a fully developed thesis; sound logic and adequate evidence in support of the thesis; effective organization, coherent structure and an overall unity; correct grammar, punctuation, and spelling.

Appeal materials must be submitted by the quarter deadline (https://sps.northwestern.edu/part-time-undergraduate/important-dates.php) before entry.

About the Distribution Requirements
